Big Rattlesnake Is Shot by Squirrel Hunters

THE VISITOR: Timmo had a visitor after dark out at his house Saturday night. It was an eerie visitor, one which can make the chills go up the spine.

The visitor was brought by a couple of guys, and was dead although not still.

It was a big rattlesnake, which had a circumference about as big as a wrist.

Its companions were Leo and Vellie McDermott. Leo shot it.

The two, who live about four miles south of Harrisburg, were squirrel hunting on Richland Hill in Hardin county that day when they spied the four foot, ten inch rattlesnake with 10 rattles, and Leo let loose with a charge of buckshot from his shotgun, which hit its mark.

Vellie already had killed a couple of rattlesnakes while out in the woods and it was Leo's turn.

Last outing we had mention of a fellow in Coronet magazine, and thus outing we mention another in the same booklet. In an article about the Tasee-Freeze stores around the country, the writer mentioned that Rev. Cal Ryan started the first church-sponsored Tasee-Freeze at Carrier Mills.

THE LIGHTS are going up out at the new baseball park on Dorris Heights road.

TWO FELLOWS stopped on the street to pass the time of day.

"How's things at home?" inquired one.

"Well," replied the other, "the old woman ain't talking to me and I ain't in no mood to interrupt her."

AND TO KEEP THIS COLUMN short, let's close with this one: You can't hit the bull's eye by shooting the bull.

District Forester Warns of Fire Danger in Area

Martin Anderson, district forester, reports that the prolonged drought combined with low humidity have created high fire danger throughout southern Illinois.

Numerous grass and roadside fires have been reported the past week and the danger is climbing daily. Forestry personnel have assisted landowners on numerous fires around Benton, McLeansboro, Alto Pass, Thompsonville and elsewhere this week upon request by local residents.

A fire north-west of McLeansboro burned about 100 acres of crops, pasture and woodland according to an on-the-spot report from fire warden Inman Wheeler at 2 p. m. Friday. Damage estimates have not yet been made. No fires have been reported within boundaries of cooperating community organizations, Anderson stated.

An appeal is made to all landowners to be extremely careful while burning debris and to burn after 4 p. m. when the fire danger is dropping.

Anderson also appealed to motorists to use their car ash trays. He explained that many highways have recently been mowed leaving under dry vegetation which can be ignited with a cigarette stub or burning match.

\$500,000 Fire

CHIANUTE AIR FORCE BASE, Ill. — Damage was estimated at \$500,000 today in a fire that burned more than four hours and destroyed a shop building on the base here.

The fire broke out Tuesday night and was discovered shortly before midnight. It was brought under control about 4 a. m. by Air Force and Rantoul firemen.

Uncle of Mrs. Prose Phillips Dies

James L. Faulkner, an uncle of Mrs. Prose Phillips of this city, died at the age of 70 in the Western Baptist hospital in Paducah, Ky., at 6:30 a. m. Tuesday. He was a resident of the Temple Hill community in Pope county.

The body will lie in state at the Baynes funeral home in Metropolis and funeral plans have not been made.

Hall Sees Farm Price Action by Administration

Chairman Admits
Problem Raised
By State Leaders

WASHINGTON (AP) — Republican National Chairman Leonard W. Hall told worried state party leaders today he looks for administration action to solve the problem of falling farm prices.

"Mr. Eisenhower promised farmers a fair share of the income," Hal said. "In my opinion the administration has met other problems and it will meet this problem."

Talking to reporters after the first session of a campaign school for GOP state chairmen, Hall said the farm problem was one of many raised at the closed-door session.

"It is a problem," Hall conceded. "We don't know yet how much of a problem. So far we are just beginning to hear from congressmen now that they are back home."

He did not know of any specific new steps planned by the administration to meet the problems.

Robert Humphreys, Republican campaign director and director of the school, said none of the state chairmen reported any insurmountable problems due to the farm price developments. "There were no dire predictions," he told newsmen after the closed-door session.

The Republican leaders had other worries, too. Sen. Barry Goldwater, chairman of the GOP senatorial campaign committee said "the cards are stacked to our disadvantage" in trying to elect a GOP senate in 1956.

Nevertheless, the Arizona Republican told state GOP leaders that prospects have definitely improved since the 1954 election, in which Democrats captured both the Senate and House.

He pointed out that 17 GOP Senate seats are at stake with only a few considered "sure" for Republicans. Of 15 Democratic seats at stake, 7 are in the South and are "pretty safe" for the Democrats, he said.

Congressman Held at Gunpoint By Soviet Soldier

VAN NUYS, Calif. (AP) — Rep. Joe Holt (R-Calif.) was detained near Moscow for nearly an hour by a Russian soldier who held a cocked pistol against his head, it was disclosed today.

The congressman's family here said Holt, who has returned to New York following a visit to Russia with other congressmen, reported the incident to them in a telephone call from the east Tuesday.

Holt told his family that U. S. Ambassador Charles E. Bohlen had officially protested to the Kremlin over the incident, which occurred last Wednesday in the outskirts of Moscow but was kept secret until now.

The California congressman said he and a member of the American embassy stopped their car in a Moscow suburb and asked if they could photograph a picturesque church and school.

Holt said he had scarcely made the request, when a Red Army soldier rushed him and pressed a pistol against his head despite the fact that Holt's companion, speaking Russian, identified him as a visiting American congressman.

Holt's companion talked to the soldier to no avail as a crowd of Soviet citizens pressed around the car.

When a Russian policeman intervened and urged the release of the Americans, the Soviet soldier pointed the gun at him and waved him off.

Only when a Red Army colonel appeared, an hour later, were Holt and his companion released. Holt said no apology was offered.

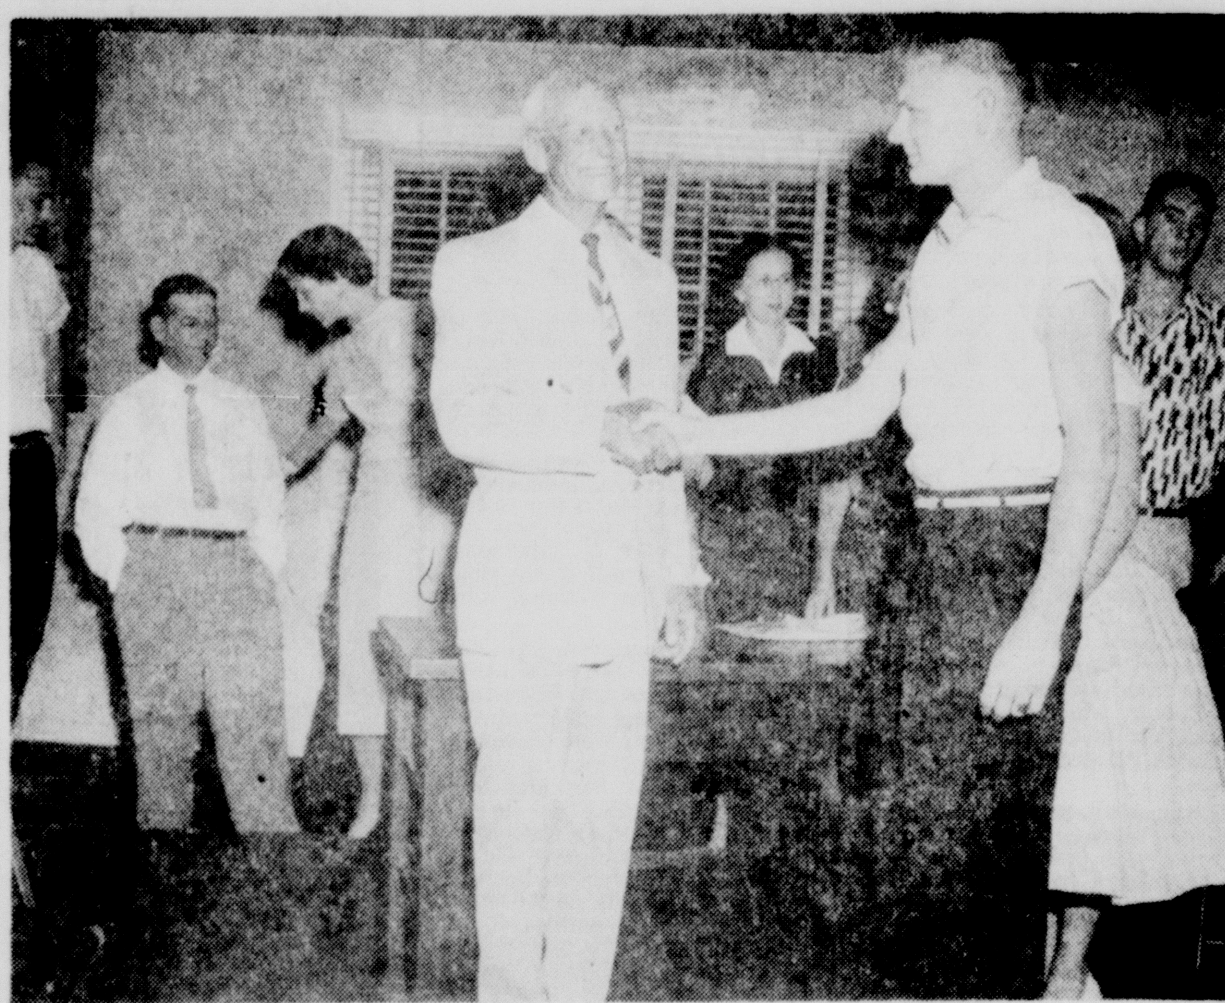

Sentenced for Year On Bad Check Charge

Bernard Laswell, Harrisburg, Tuesday pleaded guilty to a charge of writing a fraudulent check when arraigned before County Judge Trafton Dennis and was sentenced to one year at Vandalia.

Sheriff William T. Barrett said Laswell gave a \$20 check at Richmond's service station and gave a taxi-driver a \$25 check for a \$12 fare to Benton.

Finus Stevens of Eldorado pleaded innocent to a charge of writing a bad check and his bond was set at \$500. Barrett said that Stevens also is wanted in Franklin county on the same charge.

Council Authorizes Bids for Addition to City Water Plant

Shrine Club Seeks
Hornung Lease
On Lake Property

The city council was told yesterday by George L. Sodermann of Champaign, consulting engineer, that plans would be ready to advertise for bids Friday for the Harrisburg water treatment plant addition.

After hearing Mr. Sodermann, the council directed City Clerk Olive Patterson to start advertising Friday for bids for the construction, which will be opened by the council at 1 p. m. Friday, Sept. 30.

He said that he is taking final plans and specifications to Springfield today for approval by the state department of public health.

One of the projects included in the Lake Harrisburg bond issue was the enlarging of the filtration plant to take care of the needs of the city. Mr. Sodermann said that revised plans called for the addition of two filters that will increase the capacity for the city to 1,600,000 gallons daily. At present in hot summer weather the use goes over 1,000,000 gallons.

The engineer said that he believed if a satisfactory bid is received, that the units would be finished by the end of February.

Lee Skaggs, commissioner of finance on the Eldorado city council, was present at the meeting in his capacity as president of the Egyptian Shrine club.

Skaggs told the council that Ralph Hornung, past mayor of Harrisburg who secured a 20-year lease on the Davis property on Lake Harrisburg, was willing to turn over the lease to the Shrine club if the council gave permission.

Upon the lot leased is a nice house—two stories, basement and fireplace.

The council discussed the matter and most members agreed that the city should get more than \$20 per year for 19 years as specified by the lease obtained by Hornung. Skaggs said that if the Shrine club were given the lease, the club will permit any reputable organization to use the house or grounds for meetings or outings.

Any action on this matter was tabled until the council could look further into the proposition and Skaggs could report back to the Shrine club.

Remove Eye of Actor Paul Muni

NEW YORK (AP)—Veteran actor Paul Muni was reported in "good condition and progressing satisfactorily" today at Mt. Sinai hospital where his left eye was removed Tuesday because of a tumor.

Muni, who left a six-year retirement to assume the leading role in the Broadway play "Inherit the Wind" last spring, was forced to leave the cast last week when his eyesight suddenly dimmed and his eye became painful. The hospital reported after Tuesday's surgery that his right eye is normal. It said he would remain hospitalized for five or six days.

Muni will be 60 this month. His physician reported that his heart and general condition were good.

Local Lad is Placed on Year Probation

Caught After
Victim of Theft Sees
Him with Shotgun

A 13-year-old local lad who freely admitted two-score thefts was placed on one year's probation to the Illinois Youth commission by County Judge Trafton Dennis yesterday.

The lad, a bit arrogant about the whole thing, freely wrote down all the things he could remember he had done wrong, and he came up with 41 instances. Most were during the past few months, but one went back three years ago, another two.

It was the first time he had been picked up and hauled into court, however.

He was caught after one of the victims saw him with his shotgun. He started chasing the boy, who dropped the shotgun and ran. He was apprehended, however, and taken by the man to the sheriff's office.

Admits Burglaries
Questioned, he admitted his guilt in the shotgun burglary and numerous other instances of burglaries and thefts.

They included 50 cents from Juanita Stricklin, \$20 from the pocketbook of Geneva Mitchell; plus the following amounts from relatives: \$12 out of two banks, \$1 from a pocketbook, a watch and \$163, \$11 from the home of another, a ring, a silver dollar, six dollars, \$7 off a piano, the rear wheel of a bike, a pocket knife, \$3.45 out of a savings bank, \$2.56 out of a pocketbook, and a chain for a bicycle.

Other burglaries and thefts the boy confessed to:

From a house on Mill street \$7.35; a shotgun from Percy Paul; \$1.35 from Clayborn Gulley; \$1.25 and a package of cigarettes from Aquilla Roberts; \$5 from Charles Boone; pair of socks from Kresge's; \$5 off a dinner table in the home of Clyde Pittman; \$4 from a dresser drawer in a home on South Main near Raymont; \$75 cents from a dresser drawer at home of Washington Seets.

No Pay for Eats
Fifty cents from a house on North Jackson street about two years ago; \$4.50 from a Mrs. English about three years ago; a cake from Pop's grocery; Pete Hay's billfold, which contained no money; two packs of cigarettes from a Lucas home; a bike chain from Ronnie Hamilton; two spinners for bike from a service station; three fountain pens from Barter's drug store; seven comic books from Rainbow's drug store; a front bike wheel from Billy Pfister; \$1.25 out of a car at the Harrisburg Drive-in; two packs of cigarettes out of Loren Osman's truck; \$1 out of Martha Elam's pocketbook; a red pocketknife out of a home at Roselare; four packs of cigarettes from Rainbow's; and two packs of cigarettes and about 35 cents in candy from the A & P grocery.

He also said he would eat at Nick's cafe and scam when there was nobody in the front part of the restaurant.

Youth members will parade around the square at 4:30 p. m. Thursday after which they will begin an organized drive covering all business houses.

On Saturday there will be a Pitch for the Youth Center on the court house square and throughout the week the members will canvass the residential districts of the city. The campaign has been approved by the Youth Center Board which is composed of delegates from 21 civic, fraternal and church groups of Harrisburg. All planning and work has been done by the boys and girls directed by a committee appointed by their president, Fred McKenzie.

Employment at Record in August

WASHINGTON (AP)—The number of employed Americans rose to a record 65,488,000 in August. Unemployment dropped off to 2,237,000.

The rise in employment and fall in unemployment was attributed by the government today to the normal August pickup in factory jobs and a smaller-than-usual decline in farm work.

The employed total was almost 500,000 higher than July, the Commerce and Labor departments reported. The jobless total was down by almost 250,000. The August survey was taken during the second week of the month.

Marine Wins \$32,000; May 'Go for Broke'

NEW YORK (AP)—Capt. Richard Sherrill McCutchen, a Marine who commutes between the Halls of Montezuma and mazuma, threw out a hint today that he might be the first contestant to go for broke on TV's "The \$64,000 Question."

McCutchen, who twice flunked his Boy Scout cooking test, moved up to the \$32,000 level on the CBS-TV giveaway show Tuesday night by answering a five-part query dealing with food and cooking. The lanky, crew-cut career officer will get a chance next week to double his stake or quit.

It was learned by this reporter that McCutchen stated on his application to the show that he "wanted the first \$64,000 to be won by a Marine."

Questioned after the show, McCutchen smiled confidently and said:

"It wouldn't be fair to the producers of the show for me to tell you whether I'll go on. But let me put it this way—I know and I'm not saying."

McCutchen, assigned to naval ROTC at Ohio State University in Columbus, will be permitted to bring an expert to the show as his aide if he decides to go for the full amount next Tuesday. One report had it that he might name his father, John McCutchen, a retired naval captain who also is an expert in the cooking field.

The question that thrust McCutchen to the \$32,000 plateau dealt with desserts. He was asked to name the origin and describe "bombe" (France; a mold or melon lined with two kinds of ice cream), zabaglione (Italy; egg yolk, sugar and wine), olykoek (Dutch or early American; a doughnut or cruller with raisins in the center), flummary (Wales or early American; a custard pudding with fruit) and pfeffermuss (German; a highly spiced cake).

If the 28-year-old Marine decides to shoot the works on the next telecast, he will be the first to do so. Two other contestants, opera expert Gino Prato of New York and Bible expert Catherine Kreitzer of Camp Hill, Pa., both reached the \$32,000 level and quit.

Miss Texas, Riding Borrowed Horse, Steals Show at Miss America Parade

By HARMAN W. NICHOLS
United Press Staff Correspondent
ATLANTIC CITY, N. J. (AP)—Miss Texas, June Prichard, stole the show in the annual Miss America parade Tuesday night on a borrowed horse.

The 23-year-old beauty from Seymour, Tex., brought down the house, which was considerable, adding up to 250,000, when she rode a palomino down the famed boardwalk. The white tail, she said later with a blush, was on lend-lease from a farm near Camden, N. J.

June is a specialist at straddling a pony. The 5-foot 6-inch euboea claims she was born aboard a bronc, and maybe she was. Anyhow, she grew up to be a right fine looking blonde with a bust of 37 inches, 37 hips—that's just about right with a 23 inch middle to match.

At any rate, June grew up to become known as Miss Texas in the Miss America Pageant, which gets under way here today. She wowed the assembled customers with a yippe-eye and a howdy to all and asunder.

You can hardly ignore the young lady from the Lone Star State.

No Relief in Sight; Above 100 Seven Days

Heat Blamed on
Lack of Normal
Sea Breezes

LOS ANGELES (AP)—The death toll in California's killer heat wave soared to 73 and damage to crops and poultry ran into the millions of dollars today.

A high temperature of 104 degrees was forecast for the Los Angeles area in this eighth day of the heat wave and no relief was in sight from the scorching siege which the weather bureau has blamed mostly on a lack of normal sea breezes.

A high of 104 today would make this California's longest hot spell of above 100 degree temperatures. Tuesday, the seventh day of over 100, equaled the longest spell of sizzling temperatures set in 1939. The current heat wave reached an all-time state high of 110 degrees last Thursday.

The County Air Pollution Control District said there probably would be another smog alert today. If so, it would be the sixth in the last 13 days. The first alert level is when there is a reading of 30 parts of zone for each million parts of air.

Los Angeles county experienced its longest smog "first alert" on record Tuesday—an eye-stinging siege that lasted three hours and four minutes.

The temperature rose to 102 degrees Tuesday, accompanied by relatively high humidity and a thick layer of smog so dense that the alert was called before noon.

The county coroner said the number of deaths blamed on the heat might rise to at least 81 since there were eight "probables" still being checked out.

Agricultural experts estimated that crop, livestock and dairy losses may reach as high as 10-million dollars for the heat wave.

Major Forest Fire Threatens California City

SAN FRANCISCO (AP)—The 3,500 residents of Yreka, Calif., were alerted today to prepare for evacuation as a major forest fire in the Klamath National Forest west of the town burned within six miles at one point.

The fire could be seen from some points in Yreka and ashes and heavy smoke settled over the little community. It is 300 miles north and inland from San Francisco. A constant watch was maintained by the volunteer fire department and the local company of the National Guard. Up to midnight, the fire, one of 22 raging in the forest, had blackened between 20,000 to 30,000 acres.

Although more than 22 blazes were burning in the forest, there were only 1 1/2 miles of fireline in control. A total of 100,000 acres have been scarred by the fires with an estimated loss of 3 1/2 million dollars worth of timber. Roads into the area were closed and the National Guard established road blocks at several points.

The wind today was light and variable.

Meanwhile, another forest fire in the Sequoia National Forest area was checked after burning within a half mile of the big redwoods in the famed General Grant grove.

Homecoming Sunday, Sept. 11, at Equality Methodist Church

Sunday, Sept. 11, will be homecoming Sunday at the First Methodist church of Equality. It has been announced by Rev. E. W. Fox, church pastor.

Rev. Fox will deliver the morning worship sermon and afternoon and evening speakers will be former members and pastors of the church.

The Harmony Echoes quartet will sing during the day's program.

At noon there will be a basket dinner on the church lawn.

All members and friends of the church are cordially invited to join in this big homecoming observance.

The WASHINGTON MERRY-GO-ROUND

by DREW PEARSON

TOM McNAMARA Says:
Government Poultry Inspec-
tion Only Voluntary; AFL Un-
ion Cites Texas Case; Taft
Hears Father And Grandfather
Lauded.

(Editor's Note — While Drew
Pearson is on a brief vacation his
column is being written by mem-
bers of his staff.)

WASHINGTON — In a nation as
health conscious as ours, the slip-
shod government inspection of
some of the things we eat—poul-
try, for example — would amaze
the average consumer. Here is a
brief resume of little-known facts
that will be brought out in a con-
gressional investigation next year.

More than 1,000,000 broiler
chickens and 61,000,000 turkeys are
annually raised in the United
States for consumer sale. The na-
tional poultry and egg income runs
well over \$4,000,000,000 a year,
making it the third largest source
of farm income in the country.

However, while more than 80 per
cent of all red meats are processed
for sale under federal inspection,
only 21 per cent of poultry in inter-
state commerce is inspected for
wholesomeness and sanitation.
Moreover, the inadequate inspec-
tion of poultry is purely voluntary.
There's no obligation on the pro-
cessor.

If he does seek inspection, he
must pay for it. But even when
diseased poultry is rejected it may
still wind up on someone's table.
In a recent report to Congress, not
as yet made public, the AFL Mea-
turers and Butchers Union cited
the sale of 60,000 turkeys by a
Brady, Texas, poultry plant.

"The Army rejected the turkeys
because they had been hit by the
1954 Texas outbreak of psittacosis,
is," the AFL union charged. "But
instead of disposing of the car-
casses, the processor sold them
for consumer consumption. Public
health authorities traced them to
east coast cities—many of them
carrying live psittacosis virus."

PMA INEFFECTIVE
Pointing out that the Production
and Marketing Administration of
the Department of Agriculture "of-
ten permits the owner of a poultry
business or one of his employees
to serve as official sanitarian and
grader," the AFL report further
charges:

"Actually, it is little wonder that
the PMA has been ineffective in its
inspection, for the PMA was not
intended primarily to safeguard
the public health. Instead, it was
established to promote the market-
ing of poultry and other farm pro-
ducts."

The Food and Drug Administra-
tion of the new Department of
Health has the right to seize any
adulterated food, but its hands
have been tied by congressional
fund slashing and the lack of an
ironclad law for the compulsory in-
spection of poultry.

Another government agency, the
U. S. Public Health Service, has
found that one out of four cases
of food poisoning, studied by the
service, resulted from poultry or
poultry products. The Hoover Com-
mission also urged that poultry be
subjected to the same compulsory
inspection as beef and other meats.

NO DEATHS IN CONGRESS
For the first time in years there
wasn't a single death in the House
or Senate during the recent ses-
sion. Air conditioning during the
humid summer months could have
had something to do with it, but
Dr. George W. Calver, the Capitol
physician, contends that congress-
men have been "taking better care
of themselves." Calver, a perky
64, is a great believer in exercise.
He hikes for an hour, usually in the
Washington zoo, every morning be-
fore breakfast. Unlike many of
his junketing colleagues, GOP Rep.
Charles Halleck of Indiana had
never been outside the United
States until Trans-World Airlines
invited him along with 37 newsmen
on the preview flight of its Super
G Constellation to Ireland, Egypt
and Spain. Residents of Walla
Walla, Washington, may not know
it, but in addition to supplying the
country with farm products, a
Walla Walla native is the only
regular reporter on Capitol Hill
with a beard. He's Jim Cunn-
ingham, with the United Press.

THE PHILIPPINES CITE TAFT
When Robert Taft, Jr., a Wash-
ington attorney, went to the Philip-
pine embassy the other night to
accept a citation for his father, the
late senator from Ohio, he was
further rewarded with an unexpec-
ted tribute to his grandfather
President William Howard Taft.

Young Taft received a posthumous
Legion of Honor decoration from
the Philippine government in
recognition of his father's efforts
in getting medical benefits and a
hospital for Philippine war vets
during the 80th Congress.

As the ceremony ended, "a woman
squeezed through the crowd of
well-wishers to add her own con-
gratulations.
"My name is Mrs. Charles Al-

bert," she said. "My husband is a
Navy captain on the Philippine em-
bassy staff here. I shall always be
a great admirer of your father, but
I am even a greater admirer of
your grandfather. In fact, I
wouldn't be here to congratulate
you if it wasn't for something
your grandfather did for my grand-
father."

"What was your grandfather's
name?" inquired Taft.

"His name was General Serevil-
lano Aquino," replied the lady.

Taft's eyes brightened as he re-
called the story, an unforgettable
one in the annals of his distinguish-
ed family.
General Aquino was a Philippine
insurrectionist leader who had
been sentenced to death by a fir-
ing squad because of his part in the
island's riots early in the century.
William Howard Taft, who was
governor general of the Philippines
at the time, pardoned him.

Record Attendance At Du Quoin Fair

DU QUOIN, Ill. (AP) — The Du
Quoin State Fair had another re-
cord-breaking attendance this year,
according to figures announced to-
day.

Fair officials said 414,583 cash
customers went through the gates,
topping the record of 403,202 set
last year.

Officials said the Labor Day
wind-up attracted 83,292 persons
Monday with 22,000 estimated at
the auto races. The 10,000 seat
grandstand was filled to overflow-
ing for the Labor Day show star-
ring comedian George Gobel.

HTHS Librarian Returns from Tour of New England, Course at Boston U.

Miss Elsa M. Tyndall, librarian
of the Harrisburg Township high
school spent the summer months
in and around Boston, Mass., and
reports an excellent season of
study and sightseeing.

Miss Tyndall was a member of
a group of 24 teachers and librari-
ans who took the course "Origins
of New England" and the accom-
panying tour under the auspices
of Boston University. This was a
bus tour which touched the high
spots of a historical nature in six
eastern states. Primitive villages
of Salem and Sturbridge, Mass.,
Old Mystic, Conn., and the Saugus
Iron Works Restoration were visit-
ed, and boat rides in Boston and
Marblehead Harbors to visit fam-
ous lighthouses were enjoyed.

Many antique museums and ma-
rine rooms were included, in which
hundreds of models and pictures
of real ships (mostly Yankee clip-
pers and whaling vessels) were
housed, with often full sized oil
paintings of famous sea captains
and early historical characters.
Fruitlands Museum was an area
which contained the early resi-
dences of Bronxon Alcott and his
famous daughter, Louisa, author
of "Little Women," an Indian mu-
seum, and the old Rebecca Nurse
witch house. Many historical so-
ciety rooms with antique furnish-
ings were visited, and local lec-
turers on monuments and histori-
cal events were provided.

The tour followed the famous
Mohawk Trail through New Hamp-
shire and Vermont, visiting fam-
ous monuments and battlefields.
Many famous churches of the
Christopher Wren architecture
were included, and old New Eng-
land meeting-houses and taverns
were inspected. Lunches and din-
ners were arranged for in these
historical inns, including Longfel-
low's Wayside Inn. The homes of
many of the old poets, such as
Longfellow, Lowell, Whittier, and
Thoreau were included in the tour
and several famous schools such
as Governor Dummer's Academy
and Exeter, which are still flour-
ishing. The historic Lexington and
Plymouth Plantations were not for-
gotten.

Everyone went on board the old
Ironides, which is anchored in

Press Red China When Americans Will Be Freed

Question is Main Point Holding Up Talks at Geneva

WASHINGTON (AP)—Red China without saying when, has disclosed it may free all Americans still held in jail or under house arrest.

The question of when the prisoners will be freed is said to be the main point holding up American-Chinese talks at Geneva on the prisoner problem.

Ambassador U. Alexis Johnson, chief U. S. negotiator, is trying to get the Reds to say precisely when the Americans will get out of Red China. There is official fear that otherwise the Chinese Reds might announce to the world that they are freeing all Americans and then leave some languishing in China for many months or even years.

Young Girl Included
At Tuesday's session of the Geneva talks, the Reds outlined plans to issue departure permits to 12 Americans. Nine, including a 16-year-old girl, will get their permits soon. Two more will get them when applications are received. The 12th American, Charles Sidney Miner of Takoma Park, Md., will be able to leave when his business affairs are tidied up.

The best official information shows that 28 Americans still are in Red China. Twenty-five, mostly priests, are in jail. Three missionaries are under house arrest, apparently at Paochow. Officials said there may be one additional American of Chinese descent who wants to leave Red China. She is Mee Sem Lai, who went from the United States to Canton, China, in 1949.

Five Weeks of Talks
During five weeks of talks at Geneva, Johnson has pressed for the release of all Americans believed held in Red China as of Aug. 1, the day of the first meeting. The Communists at first refused to consider letting the imprisoned Americans go before their "sentences" or cases were completed. They said this would be a violation of Chinese sovereignty because the Americans had been tried and convicted by due process of Chinese law.

But they relented somewhat in announcing plans to free the 12 Americans. The State department said Tuesday that release of the nine Americans and the outlines of a plan to free three more were "encouraging." It expressed the hope this was a first step toward freedom for the rest of the Americans.

Farm Group Asks Ike to Live Up to '52 Speech

KASSON, Minn. (AP)—About 75 farmers challenged President Eisenhower today to re-read a 1952 campaign speech and "live up to" his farm policy promises.

They sent him a telegram after meeting in a pasture Tuesday on the third anniversary of the 1952 National Plowing contest, where both Mr. Eisenhower and Adlai Stevenson, the defeated Democratic presidential candidate, spoke.

The telegram said in part: "We hereby ask you to carry out your promises of 1952 and restore 90 per cent of parity as contained in your speech here."

It was signed, "Friends of Plowville, 1952." Plowville is the site of the Henry Snow farm, where the contest was held.

Snow, who called the meeting, said, "We read both of the candidates' 1952 speeches and it seemed to be unanimous that Mr. Eisenhower hasn't kept all of his campaign promises—mainly the one about high price supports."

He said the group instructed the 30-man committee which sent the telegram to ask the President to "re-read his speech" and "live up to his promises."

Several Democratic party leaders sent letters to Snow, charging that Mr. Eisenhower misled the farmers in his 1952 speech.

Sen. Hubert H. Humphrey (D-Minn.) said, "Kasson will go down in history as the site of the betrayal of America's farmers by the Republican party."

Stevenson wrote Snow that the GOP has let the farm situation "steadily worsen" while the administration is "taking a free, if hazardous ride" on prosperity created by Democratic regimes.

House Group Hits Salesmen Pressure At Military Posts

WASHINGTON (AP)—A House Armed Service subcommittee said today some insurance salesmen may be pressuring servicemen into signing for policies they don't want and later drop.

The subcommittee, under Chairman F. Edward Hebert (D-La.), urged the Defense Department to crack down on "fly-by-night" companies whose agents break the rules for doing business on military bases.

Reporting on an investigation the subcommittee said the agents involved have suffered stiff penalties but their companies have received only light punishment.

It said that unless the Pentagon acts Congress will pass a law tightening regulation of insurance agents on military posts, particularly overseas.

Find 12th Bill Of Missing Ransom Money in Florida

MIAMI (AP)—A 12th bill of the missing Greenlease ransom money today added a new area to a nationwide hunt for the \$307,720 "blood" hoard.

The FBI disclosed Tuesday night that a \$20 ransom bill was discovered at the Federal Reserve branch bank at Jacksonville, Fla.

An immediate trace disclosed it arrived Aug. 31 from the Florida National Bank and Trust Co. of Miami, the FBI said.

The bill was the 12th one in little more than a month and the 10th within about a week to turn up in widely separated parts of the country. It was the first to turn up in this area.

The FBI immediately began trying to trace the bill farther. The discovery strengthened FBI suspicions that someone is finally beginning to "unload" the missing money.

Six \$20 bills were found in the Chicago Federal Reserve Bank, three in the Federal Reserve Bank at St. Louis, one at Salt Lake City, Utah, and one last Aug. 4 at Minot, N. D.

SPRINGFIELD (AP)—W. H. Williams, special agent in charge of the FBI office here today announced a \$20 bill from the missing Greenlease kidnapping ransom has been found in Quincy.

Williams said Mrs. Fred Gehring, a Quincy housewife, found the bill Sunday evening when she decided to check serial numbers on bills in her family's possession against serial numbers published in a St. Louis newspaper.

Suit Challenges Validity of Chicago Convention Hall Act

SPRINGFIELD (AP)—The Illinois attorney general's answer to suits challenging the validity of the new fair and exposition fund act for a Chicago convention hall today was on file in Sangamon County Circuit Court.

The attorney general said if the act is unconstitutional, as three downstate county fair groups claim, then these fair groups have received aid from the fund in violation of the constitution.

The answer pointed out two of the three fair groups bringing the complaint drew money from the fair and exposition fund this year. The Sangamon County fair group drew \$58,622 and the Morgan County group \$15,858. The other fair association involved is the Cass County group. The attorney general said this money would have to be repaid if the law is held invalid.

The downstate fair groups have asked the court to enjoin the state officials handling the fair and exposition fund from allotting any money to the Cook County Metropolitan Fair and Exposition Authority.

The 1955 act creates the Metropolitan Authority and empowers it to build fair and exposition buildings. This would enable building of the planned 34 million dollar convention hall on Chicago's lake front.

Lift Threat of Hotel Strike in St. Louis

ST. LOUIS (AP)—The threat of a St. Louis hotel strike has been lifted by union acceptance of a hotel proposal for a shorter work week at no decrease in take-home pay.

Three thousand employees of 20 major hotels were involved in the dispute.

Two American Soldiers Killed, 140 Burned By Lightning in Japan

SENDAI, Japan (AP)—A bolt of lightning killed two American soldiers and burned 140 others Tuesday night while they were on maneuvers, the U. S. Army reported today.

The Army said the soldiers, members of the 1st Cavalry Division, were on a hill when the lightning struck during a thunderstorm.

The two men, whose names were not disclosed, were killed instantly. The injured soldiers received "minor burns."

The Daily Register 25c a week by carrier boy.

Gunshot Wound Fatal to Youth

EAST ST. LOUIS, Ill. (AP)—A 14-year-old East St. Louis boy died of an accidental gunshot wound Tuesday.

He was Charles Lancaster, son of Mrs. Agnes Lancaster of 1123 Winstanley Ave.

Police said the boy was shot in the abdomen Tuesday when he grabbed a shotgun being carried by another youth, Myrie A. McIntosh, 17.

McIntosh said he and Lancaster were going dove hunting. The younger boy died at St. Mary's hospital after corroborating McIntosh's story.

For a refreshing flavor to iced tea, add a sprig of fresh mint to the boiling water used in making the tea.

Identify Woman Killed in Crash

RAYMOND, Ill. (AP)—The woman who died in a two-car crash early Tuesday at the intersection of U. S. 66 and Ill. 48 127 has been identified as Mrs. Virginia Jennings, 44, East St. Louis.

Willfred Dean Baker, 21, Mishawaka, Ind., an airman from Scott Air Force base, also died as a result of the crash.

Baker was one of six airmen returning to the base in a car that rammed broadside into another driven by Edgar White, 43, East St. Louis. Mrs. Jennings was riding in the car driven by White.

Unusual Fish

A species of catfish, Synodontis batensoda, found in the Nile and certain other African rivers, has the remarkable habit of normally swimming or floating upside down.

Globemaster Crashes; One Killed, Four Hurt

ALBUQUERQUE, N. M. (AP)—An Air Force C124 globemaster—one of the largest military transports—was dashed to earth in flames by a gust of wind while taking off here Tuesday killing 1 and injuring 4 of the 69 persons aboard.

The huge, four-engine aircraft, attached to the Strategic Air Command and based at Biggs Air Force Base, El Paso, Tex., was hit by the blast of wind and cartwheeled into the runway at Kirtland Air Force Base here just as it became airborne, witnesses said.

Within seconds it was enveloped in flames, but passengers and crew members aided by rescue crews on the outside battered out windows and knocked holes in the fuselage

Milwaukee Man Kills Illinois Divorcee, Himself

MILWAUKEE (AP)—A Milwaukee man apparently shot and killed his Springfield, Ill., girl friend during an argument and then fatally wounded himself with the same gun in a downtown hotel here, police said today.

Victims were identified as Grant Kenneth Lindberg, 32, and Mrs. Jeanette Graff, 39, a Springfield divorcee who lived at the hotel here since Aug. 15.

Alabama seceded from the Union January 11, 1861, and re-entered July 13, 1868.

The man killed was identified as Arvin W. Harris of the 19th Bomber Squadron, March Air Force Base, Calif.

NAVY, TABBED TO LEAD THE EAST AGAIN, TAKES CUE FROM FIREWORKS SUPPLIED BY GEORGE WELSH

FOOTBALL FORUM NO. 1:

Surprise! Erdelatz Calls Army Team to Watch in the East

(First of a series)
By **EDDIE ERDELATZ**
Head Coach, Navy

ANNAPOLIS, Md. — (NEA) — Maybe you folks will say, "Well, look who's talking!" Nevertheless, I must note that Army is the team worth watching in the East.

We at Navy always have the highest regard for Col. Earl Blaik's squads, and this one measures up. From the team we were pressed to beat last year, Army retains the nucleus of the line and three fine starting backs—Mike Ziegler, Bob Kyasky and Pat Uebel, my idea of a qualified football player.

The Cadets' great experiment is at quarterback, where Don Holder takes over after two years of giving us shudders as an end.

Pittsburgh and Penn State, both on our schedule, too, can cope with any competition. Pitt, you know, upset us last year. With new coach Johnny Michelosen organizing them around a split-T offense, the Panthers should be even stronger and have an excellent

running field general in Corny Salvatore.

Penn State has banked much of its hopes on Lenny Moore, who will run with any back in the nation, but was plagued with eligibility problems this past summer. Tackle Otto Kneidinger, one of those underrated technicians, is another reason I don't gleefully anticipate our visit to University Park, Oct. 15.

A big story in the East is the resurgence of the New England powers — Boston University, Boston College and Holy Cross.

In the Ivy League, Yale and Cornell are ready to dispel any false notions that the circuit has gone soft. You must remember that Yale was predominantly a sophomore team in '54, who now are hardened juniors, and there are only two seniors on the varsity roster, one of them captain and tackle Phil Tarasovic. End Paul Lopata rates star mention, and they tell me halfback Dennis McGill could break open any game.

Cornell is solid in the backfield with quarterback Bill DeGraaf and yard-burners Dick Jackson and Dick Meade.

With Royce Flippin, as good an all around back as you'd want to see directing operations from tail-back, Princeton is a constant threat, and don't underestimate that Harvard single wing with tail-backs Matt Butford and Jim Joslin running behind blocking star Bill Meigs at guard. Penn is bound to improve with such boys as full-back Stan Chaplin, and Columbia is primed to pull an upset with passer Claude Benham. Brown suffered heavy graduation losses, and it's difficult to assess Dartmouth because of Bob Blackman's new V-formation regime.

Syracuse, confronted by a rather exacting schedule, also has a veteran line and versatile halfback in Jimmy Brown, a trackman who weighs in at 212. Colgate's Guy Martin is now a poised field general as a junior, with able backs to help him run the split-T, but the line is not so set.

Villanova is coming back from an off-season, helped by 6-5, 280-pound end Don McComb, and a good freshman crop has Rutgers in an optimistic mood.

Oh, yes, there's Navy, too. Well, we lost 21 of the 37 from last year's Sugar Bowl squad. Thank goodness for my All-Americans, quarterback George Welsh and end Ron Beagle. We have three strong men at tackle in John Hopkins, Pat McCool and Jim Royer.

Our big losses were in the backfield. Our schedule also is tougher than ever with the addition of Penn State and South Carolina.

But you don't want to hear my troubles.

Frick Draws Up World Series Plans

NEW YORK — Here are the 1955 World Series plans, as drawn up by Baseball Commissioner Frick and representatives of the seven teams which still have a mathematical chance of winning a pennant.

Starting Date: Sept. 28; in the event of a playoff for the American league pennant, Sept. 29.

Other Dates: To be played seven straight days if Brooklyn vs. Cleveland, New York, or Boston; one day off for travel after 2nd game and 5th game if Brooklyn vs. Chicago.

Sites: 1st, 2nd American league park; 3rd, 4th, 5th games National league park; 6th, 7th games American league park.

Starting Times of Games: 1 p. m. local time all games except Sunday game in Brooklyn, where city ordinance forbids start before 2 p. m.

Television: National Broadcasting Co. Radio: Mutual Broadcasting System.

Ticket Prices: Box seats \$10, reserved seats \$7, standing room \$4, bleachers \$2; any local city sales tax extra (same as last year).

Kiner to Quit Baseball at End of Season

NEW YORK — Ralph Kiner of the Cleveland Indians, the leading home run hitter of the post-war era, said today he is retiring from baseball at the end of this season because of "physical reasons."

The 32-year-old outfielder, who has hit a total of 367 homers during 10 active seasons in the majors, said he was "tempted to quit" several times during the middle of the current campaign because of a back condition.

"The only thing that kept me from quitting during the season was the possibility that I might be able to help the Indians win the pennant," he said.

Retirement Definite
"But I've definitely made up my mind that this is my last season," he added. "I'm no longer in physical condition to play regularly and there's no sense in prolonging the agony."

Kiner said he had no idea what he is going to do but he emphasized that he was not interested in any possible managerial career. "I may go into business somewhere in Southern California," he said.

Kiner, a powerful right-handed hitter who took great pride in his accomplishments, ranks sixth among baseball's all-time home run hitters. His total of 367 homers is topped only by Babe Ruth, 714, Jimmy Foxx, 534, Mel Ott, 511, Lou Gehrig, 493, and Ted Williams, 385.

Reduced to part-time status with the Indians this year, Kiner, who is receiving an estimated \$50,000 salary, has hit 16 home runs and is batting .242 with 51 runs batted in.

Seven Years With Bucs
Those figures are a far cry from the ones he posted while playing with the Pittsburgh Pirates from 1946 until he was traded to the Chicago Cubs on June 4, 1953.

During that stretch he won the National League home run title or tied for it seven straight years. As a sophomore in the National League, he hit 51 home runs in 1947 and then threatened Babe Ruth's all-time mark in 1949 when he hit 54.

Kiner received an estimated \$75,000 salary in 1953 and the only National League player ever to top him in that department was Star Musial of the Cardinals, whose peak earnings were between \$80,000 and \$85,000. In all, Kiner's estimated baseball earnings total \$517,000.

Coin Tossing Meeting for Possible Playoffs

NEW YORK — The American League will hold a "coin tossing" meeting in Chicago Thursday to produce final plans for possible two, three, or four team playoffs for the pennant.

Representatives of the five teams still in the pennant race who met here Tuesday with American League President Will Harridge and Baseball Commissioner Ford Frick, drew up an outline for the playoffs. Here's how they figured it out:

If two teams tie for pennant—one game playoff, Monday, Sept. 26. Site to be determined by coin toss.

If three teams tie for pennant—two teams meet in playoff Sept. 26; winner meets other team Sept. 27. Pairings and sites to be determined by coin toss.

If four teams tie for pennant—"semi-final" playoff games Sept. 26; winners meet in final Sept. 27. Pairings and sites to be determined by coin toss.

Indians, Clinging To Lead, Begin Eastern Swing

By United Press
Early Wynn tries for the 200th victory of his major league career tonight when the Cleveland Indians begin their final dash to the American League wire against their favorite "patsies."

The Indians, clinging to a half-game advantage over the New York Yankees and within easy range of both the third-place Chicago White Sox and fourth-place Boston Red Sox, will be seeking their 18th triumph in 21 games with the eighth-place Baltimore Orioles. Wynn himself has beaten the Orioles three times this year, shutting them out twice and allowing only two runs in the third game.

The game starts a nine-game eastern swing for the Indians, who have won six of their last eight games. In all they have 17 games to play. The Yankees and White Sox have 18 each and the Red Sox have 19.

Next to the Indians, the Red Sox have been the hottest of the contenders this month with five victories in seven games. Although three games behind the Indians they have the advantage of playing 16 of their 19 games at home. In addition, they have seven big games left with the Yankees.

Frank Sullivan will be on the mound for the Red Sox against the Detroit Tigers today.

Whitely Ford, also gunning for his 17th triumph, was Manager Casey Stengel's choice to start on the mound against the Kansas City Athletics while Jack Harshman will start for the White Sox against the Washington Senators tonight.

Both the Yankees and White Sox were hoping Tuesday's respite from the almost unbearable pressure of the mad chase would help snap them out of mild slumps.

Over in the National League, the inevitable Brooklyn Dodger victory is only a matter of hours away. The Brooklyn sluggers can clinch at least a tie for the flag by beating the Milwaukee Braves tonight and then their next victory would end it all.

Quarter-Final Berths at Stake in U. S. Tennis Play

FOREST HILLS, N. Y. — Top-seeded Tony Trabert and his chief rival, Lew Hoad of Australia bid for berths in the quarter-finals of the U. S. Tennis Championship today and if all goes well, there'll be five Americans and three Aussies in the round of eight by sundown tonight.

Trabert drew Enrique Morea of Argentina and Hoad tackled southern Art Larsen of San Leandro, Calif.

Trabert and Hoad were overwhelming favorites to join Vic Seixas of Philadelphia, Ken Rosewall of Australia and Ham Richardson of Baton Rouge, La., who made the quarter-final round Tuesday.

Other fourth-rounders today virtually were toss-ups. They match Bernard Barten of San Angelo, Tex., against Hal Burrows of Charlottesville, Va.; Rex Hartwig of Beverly Hills, Calif., and Sammy Giammalva of Houston against Sid Schwartz of Long Beach, N. Y.

Burrows uncorked the only "upset" Tuesday by knocking over Kurt Nielsen of Denmark, the third seeded foreigner.

Vic Wertz Hopes To Play in Series

CLEVELAND, Ohio — Slugging Vic Wertz of the Indians, stricken with a non-paralytic attack of polio Aug. 25, was discharged from Lakeside hospital isolation ward today and said he hoped to be back in uniform in time to play in the World Series.

The Indians now lead the American league by 1-2 game.

"It is anticipated that with sufficient rest and gradually increasing activity Wertz will have a complete recovery," a hospital statement said. He was transferred to a private room, and was expected to leave the hospital in a week to 10 days.

CBS to Televis Michigan State-Indiana Game on Sept. 24

CHICAGO — The first of five Big Ten football games to be televised on a regional basis in the Midwest this fall by the Columbia Broadcasting System will be the Michigan State-Indiana game on Sept. 24. The other games to be announced, will be on Oct. 8, Oct. 22, Nov. 5, and Nov. 12.

Safety Films Shown at Kiwanis

Two colored moving pictures, stressing safety while fishing and hunting, were shown to members of the Kiwanis club last night at the Masonic temple. The films, from the Robertson-Ghent agency, were produced by the Aetna Life Insurance company through the co-operation of Outdoors magazine. Eugene Morris, member of the club, was in charge of showing the films.

Dan Davis, president of the club, announced that next week a representative of the Dale Carnegie course will present a program to the Kiwanians.

New Water Skiing Record for Women

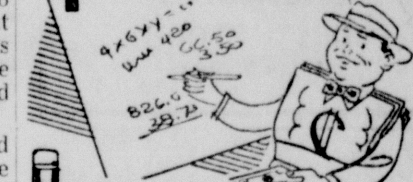

MEMPHIS, Tenn. (AP) — Mrs. Scott Dodds, 20, held a new women's world record for water skiing today, following a 244-mile trip down the Mississippi on the tricky slats.

Mrs. Jane Coll, 23, who started out with Mrs. Dodds from Cairo, Ill., Monday was thrown into the water after only 48 minutes skiing and finished the trip in a boat.

The record set by Mrs. Dodds broke the old mark of 200 miles which was set by Evie Wofford.

Prohibition Party Names Candidates

WINONA LAKE, Ind. (AP)—Dr. Enoch A. Holtwick, professor emeritus of history and government at Greenville, Ill., College, got off to a head start today in the 1956 presidential campaign.

The 74-year-old Holtwick was nominated by the Prohibition Party at its convention here Tuesday to become the first candidate in the running for the presidency.

Nominated for vice president was retired Brig. Gen. Herbert Holdridge, 63, known as the "peace general" because of his opposition to Universal Military Training.

A platform adopted by the convention called for immediate outlawing of all "weapons of annihilation," and denounced the new compulsory reserve plank and UMT.

Another plank demanded the "elimination" of the alcoholic beverage industry, which was termed as "highly capitalized, strongly organized and socially irresponsible."

Cyprus Talks End in Failure; Riots in Turkey

LONDON (AP)—The three-power conference on Cyprus ended in failure today with Britain, Greece and Turkey unable to get together on their conflicting views on the future of that strategic Mediterranean island.

The meetings which opened here last Monday at British initiative were formally "suspended" today, but official conference sources said that no date has been fixed for their resumption.

Turkish Foreign Minister Fatin Rustu Zorlu told newsmen immediately after today's session that the talks have been "ended." He announced he was returning to Istanbul with his delegation.

The dispute over Cyprus boiled into violence in Turkey. Thousands of young Turks staged anti-Greek riots in Istanbul and Smyrna, where they swarmed through the streets burning Greek churches, houses and schools in retaliation for the bombing of the Turkish consulate in Salonika.

Before the foreign ministers session here was a British compromise plan which suggested self-rule for Cyprus, but reserving British control of the crown colony's defense and foreign affairs.

The Turkish delegation made it clear that it cannot agree to self-government for Cyprus unless and until Greece provides adequate assurances that it is abandoning its claim to union with the island.

The Greek delegation was said to have expressed disappointment with the British plan because it did not provide for immediate self-determination for the Cypriots.

Ex-Tax Official Charges Politics For Firing in '53

WASHINGTON (AP)—Edgar E. Hoppe, former assistant commissioner of the Internal Revenue Service, has filed a court suit claiming that he was fired in 1953 from his high federal tax job because of "political considerations."

His attorney, John P. Witsil, told reporters today that Hoppe, a veteran of 24 years service, was dismissed on Oct. 7, 1953, because "he refused to whitewash a critical, adverse report" on an Eisenhower administration appointee.

Witsil said the appointee still is holding "one of the highest ranking positions in the Internal Revenue Service." He added that "we'll name the official involved when we get Mr. Hoppe on the witness stand."

Arrest Three on Charges of Kidnaping Cairo Girl, 13

BIG RAPIDS, Mich. (AP)—Meosta County Prosecutor Russell Johnson said today he has authorized issuance of warrants charging three migrant farm workers with kidnaping a 13-year-old Negro girl from Cairo, Ill.

State police arrested the three men Tuesday after the girl, a member of a migrant family, told them they forced her into their car near Barryton and raped her. Johnson said two of the men are from Detroit and the other one is from Ohio, Mich.

Police said the girl's family reported her missing from a bean picking camp early Tuesday and that she turned up at a farmer's home later in the day.

The girl gave police the license number of the car and they arrested the owner who implicated a second man. The third man was arrested later.

Soderstrom is Renominated for ISFL Presidency

CHICAGO (AP)—Reuben G. Soderstrom, Streator, was virtually assured today of another two-year term as president of the Illinois State Federation of Labor, a post he has held since 1930.

Headquarters of the ISFL reported Soderstrom was renominated for a new term starting next April 1 without opposition. Also unopposed is Secretary-Treasurer Stanley L. Johnson, Chicago.

Nominations were made by mail by the organization's 2,000 locals throughout Illinois. Endorsement by five locals was required, with Soderstrom and Johnson each getting more than 200.

All nine of the ISFL vice presidents were renominated.

Illinois Officials Confer on Ohio License Plans

SPRINGFIELD (AP)—Illinois officials today conferred on what action should be taken if Ohio goes through with its plans to cancel motor vehicle license reciprocity Thursday.

It could mean that every out-of-state car and truck in Ohio and every Ohio car and truck in Illinois would have to pay a full license fee to drive in the home state.

William B. Westbrook, chief clerk of the automobile department in Secretary of State Charles F. Carpenter's office conferred with the secretary and assistant attorney generals.

"At the Midwest regional meeting in Chicago last week, all other states refused to accept Ohio's proposed amendment to reciprocity, Ohio said if this wasn't accepted by Sept. 8 it would cancel reciprocity," Westbrook said.

Reciprocity on motor vehicle licenses is the recognition of the right of licensed vehicles from other states to drive on highways of the home state without buying home state licenses.

Carrier Mills Grade School Enrollment 475

Enrollment at the Carrier Mills grade school totals 475, an increase of one over last year. Principal Delbert Waller announced today.

The Carrier Mills grade school is being conducted this term in one building as compared with two buildings in use during the 1954-55 term. During the past summer Dunbar school building was closed and all Carrier Mills grade school children now attend at the Central building.

The Central building, not an unusually large building, probably houses more pupils than any other one school building in southern Illinois.

Mr. Waller stated that in comparing this year's enrollment at Carrier Mills—which was practically the same as last year—with enrollment of last term by buildings in neighboring communities that the Carrier Mills building was housing more pupils than others in practically every instance.

Enrollment by grades: Kindergarten 50, first grade 62, second grade 55, third grade 51, fourth grade 57, fifth grade 47, sixth grade 42, seventh grade 51 and eighth grade 59.

There are two rooms of each grade and two kindergarten classes, one in the morning and another in the afternoon.

Ertons Report Property Sales

Mr. and Mrs. Steapleton, Hobart, Ind., have bought the 415-acre farm in Independence township owned by Mrs. Esther W. Hill Benton, formerly of Harrisburg. Mr. and Mrs. Steapleton plan to move to the farm.

Mr. and Mrs. Fred Nellans who moved to Los Vegas, N. Mex., last year, have sold their home at 12 East Ford street Harrisburg, to Mr. and Mrs. Frank E. Cook, 119-A South Granger street, and the Cooks will occupy this place very soon. These two real estate transactions were made through the Ertion Real Estate Brokers of this city, who also report two more.

Bill Gall, who recently bought the residence of Mrs. Hallie Butler on West Lincoln street in Harrisburg has sold his home in Jenkinsville on Rt. 13 west of Harrisburg to Mr. and Mrs. Charles Holloway, who have been living at 3 East Lincoln. Mr. Holloway is a brick mason by occupation and they plan to move to their newly acquired home.

Mr. and Mrs. R. O. Cletcher, 719 South Granger, have sold to Mr. and Mrs. Russell McElmurry, Cleveland, Ohio, their residence which was completely remodeled last year. Mr. and Mrs. McElmurry plan to move to the Granger street address soon.

President Meets With Young Colorado Republican Leader

DENVER (AP)—A rising young Colorado Republican leader who received President Eisenhower's personal encouragement today said he has a "strong feeling" that the President will seek re-election next year.

Donald Brotzman, 33-year-old state senator and 1954 GOP gubernatorial candidate, said he formed that opinion because Mr. Eisenhower "appears to be a man who enjoys his job" and is "thriving on it."

Meanwhile, the summer White House said flatly that Mr. Eisenhower would not make any announcement of his 1956 plans at the meeting here this weekend with GOP state chairmen from all 48 states.
